New Pilgrim Path Website of the Week: Anthony (Tony) DeMello (1939-1987) was an Indian Jesuit priest. He is widely known for his ground-breaking and enduring work that integrates western and eastern spirituality, and he is regarded as one of the 20th century's foremost spiritual philosophers. Through his still bestselling books, DeMello presents a method of self-inquiry he described as a practical spirituality, in which a simple practice of awareness leads to the level of personal transformation that can open to realms of enlightenment.
